PAINTING WITH ICE

Materials Needed:

- 1 Cup of Water
- Ice Tray
- Popsicle Sticks
- Food Coloring
- Paper

Instructions:

- 1 Evenly pour water into the ice cube tray.
- 2 Add drops of food coloring to the cubes.
- 3 Place a popsicle stick into each ice cube mold.
- 4 Place the tray in the freezer and leave for 4-6 hours until frozen.
- 5 Pull the sticks out of the tray and start painting!

Ask These Questions:

- What happens when the ice melts?
- What colors appear?
- What happens when the colors mix?
